MST

Joliet, Ill. native, Air Force Master Sgt. Bobby Hamilton, Jr., is the Executive Assistant to the Command Chief Master Sergeant for the North American Aerospace Defense Command and the United States Northern Command. "As the Chiefs Executive Assistant, I balance his schedule, make trip plans, coordinate visiting Senior Enlisted Advisors schedules and support nearly every facet of enlisted issues affecting both commands. Our office also provides NORTHCOM enlisted with the information—ammunition to Deter—Prevent—Defeat. I try to remind myself daily that we (enlisted) have the most important profession in the military and the world. It s an extremely rewarding position," Hamilton said. Hamilton has two role models. The first being CMSgt Nathaniel Tony Hayes from PACAF. "He was the very first Chief I met and coincidentally worked for at my first assignment. I doubt I would have made the Air Force a career had it not been for him. New to the Air Force, I had a tough time getting the message. He gave me incentive, and direction. I doubt he ever knew it. I wish I knew where he was today. My second role model is my wife, Terri. Terri keeps, or tries to keep, me grounded. She s the epitome of what it takes to be successful in life." Hamilton has been in Colorado Springs since April 1999.
